**D**ear Friends and Colleagues  
It is a great pleasure to welcome you to Istanbul for the European Meeting on Laparoscopic and Robotic Urologic Surgery.  
“Challenges in Laparoscopy and Robotics” has reached the 12th edition and the concept that initiated this adventure is quite alive and shows great potential for the future of Urology. The comprehensive scientific program will include live laparoscopic and robotic surgeries performed by the world’s most prominent urologic surgeons.  
In the past meetings, we have witnessed many challenging procedures. It is now time to expand our indications and to look forward to new challenges like the Trans-Douglas RARP, the Clampless Partial Nephrectomy, the Robotic Orthotopic New Bladder, the Cava Thrombus in RCC, the retroperitoneal Robotic Partial Nephrectomy, the Retroperitoneal Lymphadenectomy and the HD-3D STORZ System. We are enthusiastically anticipating an extremely stimulating meeting.  
Live surgery, State of the art lectures, discussions and thought-provoking debates will take place with the participation of the best urologists in the International arena. There will be three monitors transmitting three different surgeries at the same time. Each delegate will be provided with headphones with the possibility to select the preferred moderation. All questions will be transmitted to the moderators via Twitter. We are very proud to host this 12th International Meeting in Istanbul, the only city in the world placed in two continents and divided by the sea!!  
The perfect city for old antiquities and innovative techniques to convene. All the surgeries will be transmitted live from the Memorial Hospital one of Turkey leading centers in Urology. We hope that the challenging procedures that you will see will lead the way towards defining the future of Urologic Surgery.

## Congress Program

# Congress Program

Thursday June 4th,  
Friday June 5th,  
Saturday June 6th, 2015

**D** Dear colleagues,  
this year CILR2015 congress will offer not only the best live surgery, but also a not-to-be-missed day of hands-on training in mini-invasive urological surgery.

Training sessions have been planned following the novel hands-on-training-workshops hands-on training standards and will offer every participant a unique one-on-one educational experience with tips'n'tricks of expert tutors.

Exercises will be borrowed by the renown E-BLUS programme with the aim of pushing each participant's performance to the next level.

Make sure you get the most out of the next CILR2015! Subscribe to hands-on training in order to improve your urologic laparoscopic skills before watching most prominent surgeons live sessions!

## HANDS-ON PROGRAMME

Tutors

**Alberto Pansadoro, Francesco Curto, Domenico Veneziano, Tibet Erdogan**

2.00-2.30 pm

Introduction about E-Blus

2:30-7:00 pm

Hands-on with Pelvi Trainers

45 minutes session each people in a one-to-one lesson with an experienced tutor. Each session includes the following exercises:

1. Peg transfer
2. Cutting a circle
3. Needle guidance
4. Single knot tying

For each exercise a time limit is defined, as well as criteria for a successful completion of the exercise.

Course Fees **50 Euros**/partecipant

Course is open to **25 people maximum**.

**Best partecipant will win free inscription to CIL2016 next June in Lisbon**
