

Challenges **2011** in Laparoscopy & Robotics

The European Congress
of Laparoscopy 2011

Some of the most prominent Laparoscopic
Urological Surgeons will perform innovative
live surgery demonstrating the full spectrum
of urological procedures.

June 9-10-11 2011

Dear Colleagues, It is a great pleasure to invite you to Leipzig for the 8th European Meeting of "Challenges in Laparoscopy and Robotics".

The scientific program will include live laparoscopic and robotic surgery performed by the world's most renowned surgeons. Interesting presentations and pertinent debates to laparoscopy and robotics will enrich the program and guarantee a scientific program at the highest level.

Leipzig is an historical city with a rich cultural and commercial profile. Major classical music composers have lived and flourished here. In addition, major car industries (Porsche and BMW) are producing several of their lines in Leipzig. We will be more than happy to welcome you to our Gala dinner which will be organized in the extraordinary Porsche exhibition center.

Clearly, music, action and speed are the major characteristics of this city. This is the perfect city to host "Challenges in Laparoscopy and Robotics". We hope that you will follow the sound, action and speed of this special program and that this will be a memorable meeting for all of you from a scientific as well as a social standpoint. Welcome to Leipzig!

Wednesday, June 8th 2011

Wednesday

LAPAROSCOPY BEGINNERS COURSE

1:00—6:00 pm

Presentations and dry lab training
Storz Training Center

Coordinators of the Meeting

Evangelos Liatsikos, Francesco Curto, Alberto Pansadoro

- Specialized surgical instruments, devices and equipment
- Set up of operating room and patient position
- Indications and contraindications to laparoscopy
- Transperitoneal and extraperitoneal access
- Advantages and disadvantages of different access
- Trocars' Position (several surgical procedures)
- Knot tying, Suturing and Haemostasis
- Anatomical landmarks for upper urinary tract
- Anatomical landmarks for lower urinary tract
- Surgical technique for:
adrenalectomy/radical nephrectomy
nephroureterectomy pieloplasty/nephropexy
- Surgical technique for colpopexy
/psoas hitch/ureteral reimplantation/
varicocelelectomy
- Management of complications

Hands on Training

- Pelvic Trainer
- P.O.P. (Pulsating Organ Perfusion) Training
- Live Training

Friday

Debates

Moderators	Walter Artibani, Konstantinos Konstantinidis
	Cystectomy
	Standard Laparoscopy vs. Robot Assisted
	Laparoscopy vs. Open
Peter Rimington	Speaker Lap
Peter Wiklund	Speaker Robot
Joachim Thüroff	Speaker Open

4:00—4:40 pm

Moderators	Joachim Thüroff, Tullio Sulser
	Modifications of Radical Prostatectomy
	Evidence based data or surgeon's wisdom
Roland Van Velthoven	Speaker Lap
Vipul Patel	Speaker Robot
Manfred Wirth	Speaker Open

4:40—5:20 pm

Moderators	Ingolf Türk, Panagiotis Kallidonis
	General management of complications during Radical Prostatectomy
Thierry Pièchaud	Vascular injuries
Jens Rassweiler	Rectal injury
Michael Truß	Anastomotic leakage

5:20—6:00 pm

Adjournment
